COLORADO SKI SAFETY ACT

The Colorado legislature, recognizing risks that are inherent in the sport, has passed the Colorado Ski Safety Act which provides inherent risks of the sport and relative responsibilities of the "skier" and the ski area. You must obey the Act. Under the Act, any person using the facilities of a ski area is considered a skier. A summary of the inherent risks is listed below:

WARNING

Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including: changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees; collisions with natural objects, man-made objects, or other skiers; variations in terrain; and the failure of skiers to ski within their own abilities.

BACKCOUNTRY WARNING

Pursuant to the Colorado Ski Safety Act, the ski area assumes no responsibility for skiers going beyond the ski area boundary. To access the backcountry, use designated gates only. Areas beyond the ski area boundary are not patrolled or maintained. Avalanches, unmarked obstacles and other natural hazards exist. Be aware: the backcountry avalanche hazard may be extreme. Rescue in the backcountry, if available, is the responsibility of the Summit County Sheriff. It will be costly and may take time.

If found in closed terrain, you may be subject to legal prosecution AND the loss of skiing and riding privileges. Snowcats, Snowmobiles, AND unmarked obstacles, may be encountered at any time. NON-LIFT ACCESS TO SKI AREA FACILITIES SUCH AS UPHILL SNOWSHOEING, HIKING, OR "SKINNING," MAY PRESENT HIGH DANGER OF PERSONAL INJURY TO PARTICIPANTS OR OTHERS AND THEREFORE MAY BE LIMITED OR FORBIDDEN BASED ON CONDITIONS, ON-MOUNTAIN ACTIVITY AND/OR MOUNTAIN POLICY. PLEASE CHECK WITH THE RESORT PRIOR TO ACCESS.
